

CHARLIE SIFFORD CENTENNIAL CELEBRATION GOLF OUTING

TUESDAY, JUNE 21

WETHERSFIELD COUNTRY CLUB 

76 Country Club Road, Wethersfield, CT 06109

1916

FROM 9 A.M. SHOTGUN/SCRAMBLE FORMAT

This year marks the 100th anniversary of the birth of Charlie Sifford – the first Black player on the PGA TOUR. He secured his first victory here in Connecticut at Wethersfield Country Club. To honor him, the Travelers Championship is hosting an event during tournament week with the goal of generating money for The Dr. Charles L. Sifford Scholarship. The scholarship will help fund college costs for students who attend a Historically Black College or University, or for minority students focusing their education on a golf management program. Any student who is or will be attending college is eligible to apply. Travelers, the Travelers Championship and Skins & Pins Golf Club are collaborating to raise funds in support of this event.

Charlie's pioneering efforts created a pathway for all minority golfers to develop a successful career in professional golf. Similarly, the goal of the Dr. Charles L. Sifford Scholarship is to help support college students who qualify, as they pursue their professional career of choice.

The Cobbs Creek Foundation will serve as the fiscal sponsor of the Dr. Charles L. Sifford Scholarship. From its founding in 1916, Cobbs Creek embraced both Black and women golfers and acted as the home course to Charlie Sifford during the time he was a resident of Philadelphia.

EVENT DETAILS

Amateur golfers will participate in the event. PGA TOUR professionals will stop by in the afternoon to provide some remarks and share their thoughts on the impact that Charlie had on golf.
