## TRAVELERS CHAMPIONSHIP INTERNSHIP PROGRAM

The tournament seeks talented college students searching for a dynamic internship experience. Interns will have hands-on experience in a variety of areas that go into organizing a professional sporting event. Roles will include, but are not limited to, community relations, media, sales, tickets and volunteers. Candidates should also be highly motivated, detail-oriented, dependable and a team-oriented self-starter.

### TIME COMMITMENT:

- The nature of this program is that internship hours may be less demanding earlier in the year, with intensity increasing as the tournament nears.
- It is difficult and not recommended to maintain additional employment during the summer months leading up to the tournament.
- This internship is a high intensity program and requires an extensive time commitment. We highly encourage students to ask questions during the application and interview process about the commitment level.
